

Pass Through Ez Crimps Connectors

The EZ-RJ45 Connector simplifies twisted pair terminations of a CAT6 Cable where you can pass the wire through the connectors so you can see the pattern of the cable. In addition, you can pull the jacket into the connectors to have a tight connection.

- Wire passes through connectors
- Works with solid or stranded wire
- Simple one piece design...no bars or liners
- EZ to verify wire sequence
- Faster terminations

Quantity: 50 per bag
